Feb 2010

Congratulations!!!!

You have been fantastic and we would like you to come and train with Macclesfield Junior FC Mini Soccer Academy!!

We would like YOU! to come back and train with us on a weekly basis

This will give all players a great opportunity to get to know new players and hopefully get a head start on next season see all the details below.

Hello and Welcome to the Mini Soccer Academy, we are running this Academy with the assistance of The Football Academy, to help continue to improve the start up rate of mini soccer teams within our Club

The first phase of the new academy which was really successful last year, started in March with a group of children who trained through the summer and became this seasons Under 7's team. Over the next 10 weeks we are hoping to do the same again with not only next seasons under 7's but we are hoping to get together some more of the children to start up teams at other age groups in our mini soccer section of the club, this will hopefully enable the boys and girls in current school year 1,2,3 and 4 to make new friends and hopefully feel part of a team, moving on to prepare for their first season playing in a league from September.

Will will also continue with weekly training for the younger children currently in reception, hopefully with them moving towards parents getting involved and forming two groups to play friendly games to help prepare them for the under 7's season next year

The plan is as each new team is formed they move off to train separately and we continue within the academy to bring in new children to start the process again, training for the next season

I am so glad you are all joining our club at such an exciting time, and I hope that you will enjoy your journey through our club.
